Who will be getting the **greens** ready for you to play on this year?

No stranger to most of you. Garth Zummack will be our **greens** keeper for 2020. Welcome on board, Garth.

Survey Says . .

We heard U!!!.

Thanks to everyone who completed the online survey in February. We received some excellent responses – and terrific ideas. The board is going to take your comments into consideration when planning the 2020 season. Stay tuned. Remember, you can always contact the Board through the email above, or anonymously by completing the Contact Us form.

COACH'S CORNER

"DRIVE" FOR SUCCESS

TIP | How do you find the right line? Some top players line their feet to the desired angle and 'trust'. Some bowlers pick a spot on the back board and draw their imaginary line closer to them on the greens. Some people visualize the arch. Choose whatever works best for you. Just make sure your method remains consistent. If you are interested in some additional coaching – let us know! We'd be happy to spend some time with you on the green!

A LEAGUE OF THEIR OWN

Interested in League Play?

The Competitive Triples League will be offered – that's a given (or is it – with the COVID-19one never knows)! So start thinking about your teammates. And your team name! More details to follow.

But

What about other leagues???

Women's League . . . Men's League . . .

Buddy League . . .

Peaked your Interest?

Stay Tuned – More Coming!

COVID-19 has created a world of uncertainty, but be assured that if (hopefully when) the restrictions are lifted, the RLBC will be looking forward to making the most of the 2020 bowls season.
