Keeping Green with our Assistant Greenskeeper

Brady Burkitt

Brady has plenty of experience working outside – he helps on his parent's and grandparent's farms near Rouleau when he isn't helping Garth keep our greens in pristine condition.

Brady understands the importance of keeping the bowls athletes happy – he's

part of Saskatchewan's Volleyball Team and has recently signed with the Medicine Hat College Men's Volleyball Team where he will study Kinesiology in the Fall. If

he looks familiar, it may be because he played minor roles in the Corner Gas TV series – or maybe not. You decide!

COACH'S CORNER

"DRIVE" FOR SUCCESS

TIP | Back to Basics – Find that you're just off? Back to Basics should resolve any issues you are having or bad habits you have developed. Keep you shoulders square to your line as you swing. Bend your legs and roll the ball smoothly onto the green. Lean your free arm

against your leg to keep yourself steady and accurate. Take a consistent mat position. Every time you deliver a bowl, step onto the same spot on the mat (adjusting for forehand and backhand of course). And take a little time to practice getting back to basics. You'll be ready to roll with confidence again.

Evidence has been found that William Tell and his family were avid bowlers. Unfortunately, all the Swiss league records were destroyed in a fire, and so we'll never know for whom the Tells bowled.

Look how much fun you can have with Legos!

Just when you thought we couldn't attract new members – welcome Al Hastings. Al has been helping with the grounds and greens - volunteering many hours of his time. Thanks so much, Al!

A farmer was driving along the road with a load of fertilizer. A little boy saw him and called, "What've you got in your truck?". The farmer replied, "Fertilizer". "What are you going to do with it?" asked the little boy. "Put it on my strawberries," answered the farmer. The little boy advised, "You ought to live here, we put sugar and cream on ours." Speaking of fertilizer . . . thanks to Garth Zummack, John Gale, and Jim Gares who received the fertilizer from Early's, and then spread it on all four greens. Job well done!

HISTORY IN THE MAKING

Historic Cathedral Village Trailway

The Regina Cultural Trailway organization is working with the RLBC to include the Leslie Greens as part of its Cathedral Village Walking Tour. A plaque will be erected on the grounds this summer, just outside the main gate. The plaque will resemble the poster to the right. We will also be featured on their website – www.reginaculturaltrailway.com

RLBC HISTORY

While cleaning out the locker area, we came upon three framed historical documents which provide a chronological diary of the Regina Lawn Bowling Club. These valuable pieces of art have found a new home in the lower level of the clubhouse. If you are interested in the history of the club, please take a few minutes to read about significant events at the Regina Lawn Bowling Club – dating back to 1912.
